(On bars 15/16 dancers prepare for a reel of 4 across by 1st Lady and 2nd Man casting out to the reel ends while the 2nd Lady and 1st Man limit their turn to 5/8 to face original partners.) Positions are : 1L 1M 2L 2M [reading from the man's side]
- 17-24 1s and 2s dance a Right Shoulder reel of 4 across in 6 bars. 1st Lady and 2nd Man dance on clockwise a 1/4 round as 2nd Lady and 1st Man turn Left Hand 1 1/4 times to finish with 1s and 2s facing their partners, ready for...
- 25-32 1s and 2s dance a Right Shoulder reel of 4 up and down the centre of the set in 6 bars. The 1st Lady and 2nd Man again dance on [a little over] 1/4 clockwise to end with 2M in top place and 1L in 2nd place, while the 2nd Lady and 1st Man turn Left Hand 1 1/4 times finishing with 1M in 2nd place & 2L in top place, all on own sides
End: 2 1 3

The dance has essentially just 2 figures but the transitions are not easy. The suggested music is great, so there should be no problem playing it over and over to get the geometry then on to "Wee Cooper of Fife"....which should be a piece of cake after this!.
